Details

Dates 30 June to 1 July

Course fee £300

<http://eppi.ioe.ac.uk/cms/Default.aspx?tabid=704&language=en-US>

**By attending the workshop,
you will:**

- Develop skills to enable you to design a service evaluation that will answer questions that you want answered
- Get advice on research methods from experts to ensure your plans are realistic, achievable and cost effective
- Develop a draft invitation to tender that will attract evaluators with the skills you need

It is suitable for:

- Service managers in the public and voluntary sector, tasked with evaluating their work
- Fundraisers developing bids and who want to include an evaluation component
- Commissioning managers

Participants must come to the workshop with a specific project to work on, or an evaluated project that they want to review and learn from. It is helpful to have more than one person from your organization who is working on the project at the workshop, but it is not a requirement.

**We offer follow on help in
these areas (fees apply) :**

- Advice on conducting ethical research, including obtaining ethical approval
- The ITT and evaluator specification
- Data collection, including survey design and reviewing instruments produced by evaluators.
- Data analysis support, including reviewing findings from evaluators
- Carrying out evaluations
