

Systematic Reviews: Diversity, design and debate

This course will enable you to plan and appraise systematic reviews. On successful completion of the course, you will be familiar with the strengths and limitations of a range of types of systematic review and have a critical appreciation of evidence-informed policy and practice.

Available online or face-to-face.

Systematic Reviews: Diversity, design and debate

A short course that will enable you to plan and appraise systematic reviews on complex topics

This course is designed for experienced researchers or recent graduates who wish to be able to evaluate and use both quantitative and qualitative research in their workplace.

This course will provide the knowledge and skills to support your career development in roles where producing or appraising research is essential. Relevant for the academic, government and voluntary sectors.

The course can also be taken as part of the MSc Systematic Reviews for Public Policy and Practice.

About the IOE

The UCL Institute of Education (IOE) is ranked number one in the UK for education research. It is part of University College London and is located in the heart of central London. Founded in 1902, it is today recognised as one of the world's leading graduate schools of education and related social sciences and offers an unrivalled range of Masters and Doctoral degrees.

"The training was hands-on, practical, and extremely well organized... The training was an invaluable experience that will certainly enrich both my research and my teaching."

Participant from 2009

"The online training model afforded me the flexibility required to fit the course around competing commitments... The facilitators were approachable and helpful"

Participant from 2011

Fees

From £670
