Simply click the IE Tab icon to view the page in IE. You will see the URL change as it is being viewed via IE Tab.

NOTE: The first time you do this, you may be asked to install the IEHelper.exe program or give it permission to run. Simply click the OK button to allow this.

## Waterfox Classic

Simply download and install Waterfox Classic from <u>https://github.com/WaterfoxCo/Waterfox-Classic/releases/download/2022.02-classic/WaterfoxClassic2022.02.exe</u>

Then open the program.

## Browse to the ER 4 URL at <a href="http://eppi.ioe.ac.uk/eppireviewer4/">http://eppi.ioe.ac.uk/eppireviewer4/</a>

You will be asked to permit Silverlight to run. You can save this setting, so you do not need to give permission in the future.

## IE Mode in Edge

Click the *Settings* icon at the top-right of the browser window (or browse to the settings URL at *edge://settings/defaultBrowser*).

You can then *Allow sites to be reloaded in IE tab mode*. You can also *Add* specific sites, so they are automatically opened in IE Mode.
